

*Burning Heart*

*Your heart is the greatest weapon in a war,*

*Your heart is a spirit that makes you soar,*

*Your heart is the power of a lion's roar,*

*Your heart is the source of the sun's center core.*

*The friendship you share will make your heart grow,*

*Showing kindness wherever you go.*

*Whether high to the heavens or deep down low,*

*Your light will burn and always show.*

*Let your light burn don't let it rest,*

*Trust your heart and be the best.*
