

*My Graceful Father*

*You were always a flower that runs in my heart,*

*And once we're together, we'll never be a part.*

*I'll always miss you whether dead or alive,*

*I've always love you since the day I was five.*

*So may God bless your spirit so you'll live on and on,*

*And I shall always remain as your number one son.*

*You were always a spirit that's part of my soul, you're kind,*

*You're nice, you're the one that makes me whole.*

*Without your kindness my life would not be complete,*

*So may God bless your spirit while you live in a deep sleep.*
