

Code green

*Emergency, emergency, it's time to act fast,*

*Emergency, emergency, no time to act last.*

*Emergency, emergency, pick up the pace,*

*Emergency, emergency, code green no mistake.*

*Emergency, emergency, men rock the house,*

*Emergency, emergency let the women give a shout.*

*Emergency, emergency, that's what I've been saying*

*Emergency, emergency, I know yall don't be hatin'.*

*Can you hear the music playing?*

*Over all the stuff I'm saying,*

*Do you feel your heart be racing,*

*Even I don't hear it pacing.*

*I'm going for the highest goal, rushing just to catch my soul,*

*Even though I wasn't told, everything must be controlled.*
